

# Two-wheeled Bins MGB

Plastics – 60 l, 80 l

## Smaller bins / easier handling

- High-quality high-density polyethylene
- Manufactured by compact injection moulding
- According to EN 840
- Available in a variety of colours and combinations
- Compliant with noise reduction regulations

# Two-wheeled Bins MGB

## Plastics 60 l, 80 l

The KLIKO MGB 60 l and 80 l wheeled bins offer many benefits: This smaller waste container is ideal for both refuse collectors and customers alike. The highly resilient moulded comb lift receiver on the KLIKO bin is fitted with robust support struts and guiding strips ensuring operator safety during mechanical lifting. KLIKO waste bins are cadmium-free and can be easily recycled; the recovered

plastic can then be used in the production of many different products. They are equipped with rubber tired wheels with a solid axle made from galvanized, tempered steel. The MGB 60 l and 80 l are resistant to frost, heat and chemicals and the smooth surface prevents waste from sticking.
